Barnes Aerospace Singapore MRO Receives Safran Aircraft Engines Supplier Performance Award

On April 5th, the Barnes Aerospace Singapore MRO Division (BA-Singapore MRO) proudly received the **2017 Safran Aircraft Engines Supplier Performance Award** at the BA-Singapore facility. This is the first time that the award was presented to a supplier outside of France.

Olivier Derbez, Safran Aircraft Engines Supplier Performance Manager Asia,

presented the award to CK Yap, Managing Director of Barnes Aerospace Singapore OEM and MRO Divisions. According to Derbez, the Aircraft Engines Supplier Performance Award is "in recognition of the demonstrated excellence and sustainable performance in quality and on-time-delivery (OTD). Through this award, Safran Aircraft Engines recognizes BA-Singapore's outstanding performance over the past 18 months. The company sustains customer satisfaction through a proactive risk mitigation plan and continues to be one of our major business partners."

CK was very pleased that BA-Singapore MRO won the award and said it was a great recognition of the team's efforts. He stated, "We started our MRO business relations with Safran in March 2004, and it has grown strongly over the years. Furthermore, Safran's business has diversified our portfolio of commercial engine repairs. It is a great honor to receive the award from Safran, as it provides an excellent motivation for our employees to continue to improve our delivery and quality performance and meet our customers' expectations."

Congratulations to Barnes Aerospace Singapore MRO for achieving this award!
