## Barnes Aerospace Unveils Redesigned Website Aligned with Growth Goals

Today, Barnes Aerospace proudly announces the launch of its redesigned website, [BarnesAero.com](https://BarnesAero.com). The revamped website embodies the Company's commitment to continuous growth and customer-centric solutions and provides an elevated online experience.

With an emphasis on user-friendliness and improved functionality, the new Barnes Aerospace website offers enhanced navigation, intuitive search capabilities, and refined product page filtering. These upgrades empower customers to explore Barnes Aerospace's extensive range of offerings, including manufacturing technologies and aftermarket services that power global aviation.

The website redesign is a strategic initiative aligned with Barnes Aerospace's growth goals. By embracing the latest digital advancements, Barnes Aerospace aims to strengthen its online presence, engage customers more effectively, and ensure a seamless user experience.

"Our redesigned website reflects our dedication to advancing what's possible in the aerospace industry," said Ian Reason, President of Barnes Aerospace. "It aligns with our mission of relentless pursuit and our vision to pioneer technologies that help change the world. The new website allows us to showcase our comprehensive capabilities and unwavering commitment to customer partnerships."

Bill Gonet, Vice President of Sales and Marketing, added, "We are thrilled to unveil the redesigned Barnes Aerospace website. It serves as a dynamic platform for us to engage with customers and partners, providing them access to information on the many Barnes Aerospace capabilities and services. The website has enhanced features with a user-friendly interface that will make it easier to do business with us."

The redesigned Barnes Aerospace website represents an important milestone in the Company's digital transformation journey. It offers a visually appealing interface that guides users through Barnes Aerospace's diverse range of services.

We encourage you to visit the newly redesigned Barnes Aerospace at [BarnesAero.com](https://BarnesAero.com).

### **About Barnes Aerospace**

Barnes Aerospace, a division of Barnes, manufactures and maintains highly engineered parts for the aerospace and related industries globally. With elevated experience, Barnes Aerospace has a steadfast commitment to continuous improvement and the relentless pursuit of next. We offer strict compliance with customer, regulatory, and third-party standards (e.g., ISO, AS, NADCAP) for the Commercial Aerospace, Defense / Military, Energy, and Space industries where quality is crucial.
